

Legrand sensors awarded SGBP certification

Green products are becoming increasingly popular and the overall economy is slowly transformed into an economy that is more sustainable and earth-friendly. In addition, as green economies grow, the costs of individual items will come down, due to the increased efficiency of larger production runs.

Legrand is pleased to present the following awarded sensors:

Additional Green Features:

- Manual on/ Auto off
- Walk through mode
- Built-in photocell
- Air conditioning control
- 3rd Party Interface

0 488 17
PIR ceiling mounted
Lighting Management sensors
360° infrared dual detection
Ideal for hallway, side range 2 x 12m
Ideal for data centre and corridor

0 488 05
US technology ceiling mounted
Lighting Management sensors
Surface mounted on ceiling using accessory

0 488 06
Dual technology ceiling mounted
Lighting Management sensors
Surface mounted on ceiling using accessory

0 488 04
PIR ceiling mounted
Lighting Management Sensors
360° infrared detection, ø8m range
Additional 2A contact for HVAC control based on presence data
Surface mounting on ceiling using accessory

0 488 10
270° outdoor sensor IP 55
Detection field 180m² -
For building entrances, car parks
PIR - Max range 15m
Front detection 10m
Lateral detection 30m (2x15)
Dual side detection specially adapted for wide areas (example: entrance hall)

0 488 06
Dual technology ceiling mounted
Lighting Management sensors
Surface mounted on ceiling using accessory
