SMARTRAK® 2.0
COST EFFECTIVE, EFFICIENT AND RELIABLE SERVER RACK SYSTEM

**DATA CENTERS
LOCAL AREA NETWORK**

APPLICATIONS

SMARTRAK® 2.0

Cost effective
Assemble friendly
Flat-packed for shipping

Smartrak® 2.0 is an improved multi-purpose rack system that is scalable and flexible for all kinds of Data Center and Lan applications.
The cabinet is strong and versatile for large cable management from top or bottom.

Heavy duty castor wheels with adjustable feet

Robust swing handle lock set

Fan tray (Annex A)

Cable Tray(Annex B)

FEATURES

- Static load rating of 1200KG.
- Full height door for better ventilation.
- 3 times bend panel mounting for a stronger structure.
- Save assembly time with flat packs with the new simplified design with lesser parts to fix.
